VicBooth

Expandable, portable and affordable acoustic booth

Doorless, portable, and affordable acoustic booth with wood structure and window. VicBooth Premium is a new and revolutionary system that allows you to minimize the sound propagation from you to the world and vice versa. VicBooth Premium is a unique, portable and inexpensive system that can be setup in minutes. Covered in natural wood from the outside, fire retardant fabrics and acoustic foam. Because it has no door and includes a window, it's ideal for isolation in great style. The structure is built with premium materials for a more pleasant look and better isolation. Ideal for voice over or instrument practice without bothering your neighbours. Can also be used as small room for extra privacy.
